

GLUTEN FREE

Gluten, a protein found in wheat, barley and rye, is a major problem for people with Celiac Disease. When one is diagnosed with Celiac Disease, an autoimmune disorder, the body mistakenly reacts to gluten as if it were a poison. Thankfully there are a large amount of gluten free items offered today. We are happy to represent some of these lines.

Finally, a “no apologies” gluten free pizza crust. As we all know, in any decent pizza, the crust’s the thing. Hand-crafted with three cheeses baked right into the dough, these shells are the ideal platform for everything from conventional to Mediterranean pizza. Try grilling one outdoors for a unique, wood-fired flavor. One twelve-inch shell per package.
